Dear Ms. Dortch,

On February 18, 2013, the undersigned sent the attached letter via email to Dan Abeyta, Assistant Chief, NEPA Adjudications for the Wireless Telecommunications Bureau in anticipation of the Federal Communications Commission's annual meeting with the National Conference of State Historic Preservation Officers and the Advisory Council on Historic Preservation, all of which are signatories of the 2001 Nationwide Programmatic Agreement for the Collocation of Wireless Antennas<sup>1</sup> and the 2004 Nationwide Programmatic Agreement for Review of Effects on Historic Properties for Certain Undertakings Approved by the Federal Communications Commission.<sup>2</sup>

The letter outlines for the signatories' consideration practical policies that will facilitate the use of small cells and existing infrastructure to meet important communications public policy goals, some of which were previously advanced in PCIA's comments in WC docket No. 11-59.<sup>3</sup>
